

CSI³ NEWSLETTER

NO. 23 | OCTOBER 19, 2020

Hello Scholars,

We have officially made it to Fall. This month, the undergraduate team would like to focus on kindness. Kindness in action has a butterfly effect. A [butterfly effect](#) is described as one small action that causes a ripple effect throughout the world. Kindness in action can have a lasting impact on those around you. It does not matter how big or small the act of kindness is; it can be a kind word, a held door, a smile in the morning, a wave to your neighbor, allowing someone ahead of you in line, a genuine compliment, or a note of gratitude -- all can ripple through the hearts and minds of many. Meanwhile, it makes you feel great. It activates a different part of your mind and soul to act out of kindness without regard for what you will get from it yourself. Being selfless is a characteristic we should all aspire toward.

Keep reading this month's newsletter for inspiring quotes about kindness which will hopefully lead you to have a positive impact on your community. Hopefully, this will also have an impact on your own wellbeing as a growing, developing, changing young person. Look for kindness in action around your Zoom classes and make sure you mention what you see to others. You will see and experience kindness from others if only you keep your eyes open for it.

COMMUNITY BUILDING

Share an act of kindness you have done this week. If not, share one that you plan to do this week. Let's spread the [butterfly effect](#).

RESTORATIVE JUSTICE WORKSHOP

Attention Future Teachers! MSTI continues to offer Teacher Preparation Workshops. This month our focus continues on Restorative Justice. Join us on Thursday, October 29th from 3:00-4:00 p.m. We encourage all of you to attend and gain more guidance, training, and hands on experience on this topic. Teaching is not only about educating the next future generation, but also shaping students by introducing them to restorative justice, discipline and values. Values that go beyond classroom walls. [RSVP TODAY](#)

CSI³ SUPPORT GROUPS

Need a safe space to share and explore challenges, stressors and successes managing life as it is. Join our Fall 2020 [CSI³ Support Group](#) on Thursday, October 29th at 10-11:30 a.m. via Zoom. [RSVP Here](#)

DON'T WAIT UNTIL MIDTERMS TO FIND A STUDY BUDDY

Scholar OF THE Month

ERIKA REVELES | SENIOR
LIBERAL STUDIES | SPANISH OPTION

Campus Programs/Involvements: Math and Science Teacher Initiative (MSTI) and California Promise Finish in Four Scholars Program

Career Goal: Bilingual Elementary Teacher

Hobbies: COVID has turned my hobbies into watching Tiktoks and Netflix. However, I enjoy going out on runs and riding bikes.

How has CSI³ helped you? CSI³ has been so supportive and helpful throughout the years. I am most thankful for the teacher assistant position they provided me with and the workshops they hold. As a teacher assistant, I am able to get first hand classroom experience without having the responsibility of leading my own classroom. Also, I try to take advantage of as many CSI³ workshops as possible. The workshops provide me with useful resources and tips for me as a current student and a future teacher. Lastly, shout out to Alexandra Mena she is always there ready to help and support me whenever I need her.

What keeps you motivated and positive throughout life's hardships? Ever since I was a child I dreamed of becoming a teacher. Once I graduated high school and entered college, I saw that dream so possible. That remind myself of what keeps me motivated to accomplish the goals I have set for myself. To stay positive, I remind myself of all the good things in my life including what I have accomplished and all the caring supportive people in my life.

What advice would you like to give to your fellow scholars? I want to share with you all some advice I learned living by recently and I wished I had come across earlier. Go out and live the life you want to live. Set those crazy goals and go for them because even if you fail, at least you will never wonder what could have been.

What are your plans after graduation? I am currently waiting to be accepted into the credential program here at CSUDH. I am pursuing a Multiple Subject Credential with a Bilingual Authorization.
